

# LEGISLATIVE UPDATE

54<sup>TH</sup> LEGISLATURE – 2<sup>ND</sup> REGULAR SESSION

UPDATED <DATE>

PREPARED BY:

CHRISTOPHER BEALS

SENIOR PARTNER, EPIC POLICY GROUP

Education policy is not only the laws and regulations that govern education throughout the United States, but it is also the collection of ideas that drives this policy to influence change.

Education policy consists of the principles and government policies in the educational sphere as well as the collection of laws and rules that govern the operation of education systems.

Education occurs in many forms for many purposes through many institutions. Examples include early childhood education, kindergarten through to 12th grade, two and four year colleges or universities, graduate and professional education, adult education and job training. Therefore, education policy can directly affect the education people engage in at all ages.

Examples of areas subject to debate in education policy, specifically from the field of schools, include school size, class size, school choice, school privatization, tracking, teacher selection, education and certification, teacher pay, teaching methods, curricular content, graduation requirements, school infrastructure investment, and the values that schools are expected to uphold and model.

We have compiled the current education legislation being discussed in the Arizona Legislature.

- S1403 ██████████  
FOURTH-YEAR FUNDING; CTEDS
- S1444 ██████████  
SCHOOLS; EXCUSED ABSENCES; MENTAL HEALTH

NONPROFITS; POSTSECONDARY INSTITUTIONS; AGREEMENTS 1/13 referred to House educ.

## H2089: SCHOOLS; SAFETY; THREAT ASSESSMENT TEAMS

School district governing boards and charter school governing bodies are required to adopt policies to establish threat assessment teams. The policies must include procedures for assessing individuals whose behavior may pose a threat to the safety of self, school staff or students and intervening when necessary, and notifying parents or guardians if the team has reason to believe that the student might benefit from or be in need of mental health services. The superintendent of each school district or chief administrative officer of a charter school is required to establish a threat assessment team for each school, which must include, subject to staff availability, persons with expertise in counseling, instruction, school administration and law enforcement. Threat assessment teams are required to provide guidance to students and school staff on recognizing behavior that may threaten the community, the school or self. The superintendent of each school district or chief administrative officer of a charter school is authorized to establish a committee that is charged with overseeing the threat assessment teams operating within the school district or charter school. After a threat assessment team makes a preliminary determination that an individual poses a threat of violence or physical harm to self or others or exhibits significantly disruptive behavior or a need for assistance, the law enforcement officer on the team is permitted to request any case information relating to an individual and to conduct a check of the individual's criminal history records. Each threat assessment team is required to collect and semiannually report to the Superintendent of Public Instruction and the Arizona Counter Terrorism Information Center in the Department of Public Safety data on its activities using a form provided by the Center. AS PASSED HOUSE.

## H2106: SCHOOLS; AUDITS; FINANCIAL RECORDS; BUDGETS

School districts and charter schools are required to send a copy of audit reports to the county school superintendent and the Department of Education. The Dept is required to make the audit reports available on its website. School district and charter school governing boards are required to publicly accept all audits and compliance questionnaires by roll call vote. If a school district fails to establish and maintain the uniform system of financial records, the Auditor General is required to report that district to the State Board of Education, in addition to the Dept, and is required to detail the deficiencies in writing in the report.

## H2109: UNIFICATION; CONSOLIDATION; NOTICE; BALLOT LANGUAGE

Notice of a proposed vote of school district governing boards on a resolution of unification are required to be posted in at least three public places in each of the school districts proposed to be unified at least 90 days before the proposed vote. A special election to determine the question of school district unification is required to be called within 120 days, increased from 60 days, after a majority of the governing board or 10 percent of the residents of a district unite in a petition to establish a unified school district. The deadline for public notices of the election to be posted is changed to at least 90 days before the election, increased from 10 days, if the election is at least 90 days after receipt of the petition, or to as soon as practicable if the election is fewer than 90 days after receipt of the petition. Effective January 1, 2023. AS SIGNED BY GOVERNOR.

### H2110: SCHOOLS; EMPLOYEES; EMPLOYMENT; DISCIPLINE

The Department of Education is required to investigate written complaints alleging that a "noncertificated person" (defined as a school district or charter school employee who does not possess a teaching certificate and meets other specified requirements) engaged in immoral or unprofessional conduct. The State Board of Education is required to review a complaint to determine whether to take disciplinary action against a noncertificated person who has engaged in immoral or unprofessional conduct, including prohibiting the person's employment at a school district or charter school for up to five years. Before employing a certificated or noncertificated person, school districts and charter schools are required to conduct a search of the educator information system that is maintained by the Dept on the prospective employee. School districts and charter schools are prohibited from employing in a position that requires a valid fingerprint clearance card either a certificated person whose certificate has been suspended, surrendered or revoked and not subsequently reinstated, or a noncertificated person who has been prohibited from employment at a school district or charter school by the Board under this legislation. AS PASSED HOUSE.

## H2111: SCHOOLS; RESOURCES; SERVICES; CONSOLIDATION GRANTS

---

The Department of Education is required to conduct a five-year Resource and Service Consolidation Grant Program. County school superintendents are eligible to apply for a grant to consolidate resources and develop new services for all school districts, charter schools, county free library districts, municipal libraries, nonprofit and public libraries, tribal libraries, private schools, tribal schools, juvenile detention centers, and jails within the jurisdiction of the county school superintendent or superintendents. The Dept is required to award grants by February 1, 2021, and to disburse grant monies each year for five consecutive years or until the Dept determines that the consolidation proposal is self-sufficient, whichever is sooner. The Program self-repeals July 1, 2026. Appropriates \$10 million from the general fund in FY2020-21 to the Dept for the Program.

## H2387: CONTINUING HIGH SCHOOL PROGRAM

The State Board of Education is required to establish a continuing high school program to provide adult learners with alternative study services that lead to the issuance of a high school diploma and industry-recognized credentials. The Board is required to authorize service providers that are qualified 501 (c)(3) organizations that meet specified requirements to operate schools through partnerships with school districts, nonprofit charter schools or Career Technical Education Districts. A school participating in the program is eligible to receive base support level funding and additional assistance in the same manner as a school district or charter school, but is not eligible for transportation funding or Arizona online instruction funding. Establishes reporting requirements for service providers, and requires the Department of Education to report on the Program to the Governor and the Legislature by December 15, 2023 and by December 15 of each year after. The Board is authorized to approve program service providers with a total projected average daily membership of up to 350 in FY2021-22, up to 700 in FY2022-23, and up to 1,400 in FY2023-24 and each FY after. The program terminates on July 1, 2030.

#### H2448: PUBLIC SCHOOLS; INNOVATION PLANS

Public schools are authorized to submit an innovation plan to the Superintendent of Public Instruction. The State Board of Education is required to prescribe requirements for an innovation plan, which must include specified provisions, including a description of the innovative practices the school would like to implement and a plan for implementation. In its innovation plan, a school is permitted to request an exemption from instructional hours requirements or any rules or policies that may hinder the full implementation of the plan, with some exceptions. The Superintendent is required to transmit the innovation plan to the Board within 60 days, with a recommendation for approval or resubmission. The Board is required to approve or reject an innovation plan within 60 days after receiving it. Approval is valid for five years, with options for extension and revocation. The Department of Education is required to develop a plan to evaluate schools of innovation, including performance measures and data required. The Dept is required to compile the evaluation data in an annual report and to submit the report to the Governor and the Legislature by September 1 of each year. Schools are prohibited from penalizing a student who previously attended a school of innovation and transfers to another school. The Board is required to adopt rules to implement this legislation.

## H2625: CIVICS CELEBRATION DAY; CIVICS EDUCATION

September 25 of each year shall be observed as Sandra Day O'Connor Civics Celebration Day, which is not a legal holiday. On Sandra Day O'Connor Civics Celebration Day, each public school in Arizona is required to dedicate the majority of the school day to civics education. If Sandra Day O'Connor Civics Celebration Day falls on a day when public school is not in session, the preceding or following school day is required to be observed in the public school as the holiday. The State Board of Education is required to develop a list of resources relating to civics education that align with the academic standards in social studies for the purposes of Sandra Day O'Connor Civics Celebration Day instruction. AS SIGNED BY GOVERNOR.

## H2626: GIFTED PUPILS; WEIGHTS; REPORTS; APPROPRIATION

By November 1, 2020 and on or before July 1 every four years thereafter, the Department of Education is required to submit a report to the Governor and the Legislature that includes statewide data and data by county on the amount of monies generated by all group A weights and all group B weights for school funding, and the number of students attending school through open enrollment. By November 1, 2020, the Dept is required to submit a report to the Governor and the Legislature of statewide data and data by county for specified information relating to gifted education programs. Appropriates \$1 million from the general fund in FY2020-21 to the Dept for additional assistance for gifted programs.

## H2678: CTEDS; DISTRICT GOVERNING BOARDS; ELECTIONS

To be eligible for election to the office of Career Technical Education Board member from the single member district, a person must have been a resident of the single member district for at least one year immediately preceding the date of the election. A qualified elector of a school district that has previously increased its governing board to five members is authorized to submit to the county school superintendent a petition, signed by at least ten percent of the qualified electors of the district, requesting that the question of reducing the number of members of the school district governing board to three be considered in the next general election. If the majority of the electors voting on the question of reducing the number of governing board members votes in the affirmative, the school district is required to reduce its governing board to three members. A member who is serving on a school district governing board that reduces its governing board to three members continues to serve as a member of the governing board until expiration of the member's current term of office. A process for reducing the membership of the board is specified.

**H2679: SFB; DEPARTMENT OF ADMINISTRATION**

---

The School Facilities Board (SFB) is renamed the School Facilities Oversight Board (Board) and is transferred to the Department of Administration. Board membership is modified, including by adding the Director of the Dept or the Director's designee to serve as chairperson and an advisory nonvoting member. The Dept, instead of the Board is required to administer the Building Renewal Grant Fund and distribute monies to school districts for the purpose of maintaining the adequacy of existing school facilities, and to establish policies and procedures relating to building renewal grant change orders. The Director of the Dept serves as the Director of the Board. Establishes the Capital Additional Assistance Fund and requires the State Treasurer to allocate monies in the Fund to school districts on a pro rata basis using the weighted student count for the school district for the prior fiscal year. School districts may use monies on projects for buildings or any part of a building in the Board's database for a list of specified purposes, including major renovations and repairs to buildings used for academic purposes. A person who is serving as a member of the SFB on the effective date of this legislation is eligible to continue to serve as a member of the School Facilities Oversight Board until expiration of the current term of office. Session law provides for the succession of the School Facilities Oversight Board within the Dept to the authority, powers, duties and responsibilities of the SFB, including transferring all administrative matters, equipment and other property, and personnel. Appropriates \$40 million from the general fund in FY2020-21 to the Capital Additional Assistance Fund and \$60 million from the general fund in FY2020-21 to the Building Renewal Grant Fund. More. Due to voter protection, one section of this legislation requires the affirmative vote of at least 3/4 of the members of each house of the Legislature for passage.

### H2684: CRISIS MANAGEMENT TEAM; UNDERPERFORMING DISTRICTS

The Department of Education is required to establish a crisis management team to recommend necessary changes for any persistently underperforming school district, and team membership is specified. A crisis management team is required to establish a work plan to evaluate the local circumstances and needs of a school district. The criteria for a school district to qualify for a crisis management team are specified. The crisis management team is required to submit a preliminary report by July 1, 2020 and submit a final report by December 31, 2020 to the Governor, the Legislature and the Dept. Information that must be included in the report is listed. Contains a legislative intent section. Emergency clause. AS SIGNED BY GOVERNOR.

## **H2741: CTEDS; FOURTH-YEAR FUNDING (~~CTEDS; FOURTH-YEAR FUNDING; IN-DEMAND JOBS~~)**

Students in 9th grade and students in the school year immediately following graduation who are enrolled in courses that are approved jointly by the governing board of the Career Technical Education District (CTED) and each participating school district or charter school may be included in a CTED's calculation of student count or average daily membership. Funding cannot be provided for more than four years for the same student. Funding for students in grade 9 is provided only if the student reaches the 40th day of grade 10, and at that time funding is provided for that student for grade 9 and for any subsequent year in which the student is eligible for funding. By September 1 of each year, the Office of Economic Opportunity in collaboration with the Department of Education is required to compile an in-demand regional education list of the approved career technical education programs that lead directly to a career path in high demand with median-to-high-wage jobs in that region. The Office is required to submit the in-demand regional education list to the Arizona Career and Technical Education Quality Commission for review and approval. For a student in grade 9 or in the school year immediately following graduation, funding is provided to the CTED only if the student is enrolled in a program that was included on the in-demand regional education list for that student's region for the year in which the student began the program. Session law provides that for FY2020-21 through FY2023-24, a student participating in an approved CTED program included on the in-demand regional education list on the date the list is compiled qualifies for funding in the year immediately following graduation. AS PASSED HOUSE.

## S1059: TPT; USE TAX; EDUCATION

Establishes a required distribution formula for all monies collected from a new article in the state Constitution or from the additional transaction privilege tax rate increment of 0.6 percent imposed from July 1, 2022 through June 30, 2041. Requires monies generated from either tax to be paid in monthly installments as follows: 82 percent to the Classroom Site Fund, except that \$86.28 million annually must be paid in monthly installments to the Department of Education to fund Basic State Aid for additional school

For Vote  
Analysis:

days and \$7.8 million annually must be paid in monthly installments to the Dept for school safety; 13.75 percent to the Arizona Board of Regents to be distributed proportionally to each university based on the number of students who receive in-state tuition to subsidize resident student tuition costs, with \$86.47 million of that 13.75 percent being distributed to the Technology and Research Initiative Fund; and 4.25 percent for community college trade and workforce development programs and provisional community colleges. These monies are prohibited from supplanting, replacing or causing a reduction in other school district, charter school, community college or university funding sources. Modifies the purposes for which monies from the Classroom Site Fund must be spent to remove teacher liability insurance premiums and add voluntary full-day kindergarten, "student support services" (defined), tutoring, character education, school safety, career and technical education, school improvement and transportation. Deletes the requirement for school districts and charter schools to allocate 40 percent of the monies received from the Classroom Site Fund for teacher compensation increases based on performance and employment related expenses, 20 percent of the monies for teacher base salary increases and employment related expenses, and 40 percent of the monies for maintenance and operation purposes. Repeals the additional transaction privilege tax rate increment of 0.6 percent imposed from July 1, 2022 through June 30, 2041 that would have been distributed for specified education purposes, and repeals statute specifying the distribution of those revenues. Sections applicable to monies collected from a new article in the state Constitution and repealing the additional TPT rate increment are conditionally enacted effective July 1, 2021 if the state Constitution is amended by a vote of the people at the 2020 general election by passage of Senate Concurrent Resolution 1002. Sections modifying the distribution of monies from the additional TPT rate increment are conditionally enacted effective July 1, 2021 if the state Constitution is not amended by a vote of the people at the 2020 general election by passage of Senate Concurrent Resolution 1002. AS PASSED SENATE.

**S1060: SPECIAL EDUCATION; GROUP B WEIGHTS**

---

Monies in the Extraordinary Special Education Needs Fund are continuously appropriated, instead of subject to legislative appropriation. The Department of Education is authorized to retain up to two percent of the monies in the Fund for administration purposes. The Dept is required to award monies from the Fund to school districts and charter schools with eligible claims demonstrating that a student receiving special education services has incurred costs in the current year of at least the statewide per pupil funding average multiplied by three. The Dept is required to evaluate claim requests on a quarterly basis, and a process for prioritizing funding if there are insufficient monies in the Fund is specified. The Dept is required to annually report to the Governor and the Legislature on claims funded in the previous year. Certain group B support level weights are increased. Appropriates \$5 million from the general fund in FY2020-21 to the Fund.

### S1146: SCHOOLS; SEIZURE MANAGEMENT; TREATMENT PLANS

Beginning in the 2020-2021 school year, the parent or guardian of a student who has a seizure disorder and who is enrolled in public school in Arizona is authorized to submit to the school district or charter school in which the student is enrolled a copy of a seizure management and treatment plan developed by the parent or guardian and the physician responsible for the student's seizure treatment. Requirements for the plan are specified. School districts, charter schools, employees of school districts or charter schools and nurses who are under contract with a school district or charter school are immune from civil liability with respect to all decisions made and actions taken that are based on good faith implementation of a seizure management and treatment plan. By December 1, 2020, the State Board of Education is required to approve an online course of instruction that is provided free of charge by a nonprofit national foundation and that supports the welfare of individuals with epilepsy and seizure disorders. School nurses and school employees whose duties include regular contact with students are required to complete the online course. AS PASSED SENATE.

### S1152: MEDICAL STUDENT LOAN PROGRAM

Various changes to the Medical Student Loan Program. Membership of the Board of Medical Student Loans is modified to remove all current members except the Director of the Department of Health Services and two Governor's appointees who are

knowledgeable in the problems of health care in Arizona and replace them with one representative from each accredited medical school in Arizona. Session law allows current Board members to continue to serve until the expiration of their normal terms. Removes the requirement for at least 50 percent of loan monies to be apportioned for students attending private medical schools. Modifies penalties for a loan recipient who does not fulfill the conditions of the loan contract. Appropriates \$2 million from the general fund in FY2020-21 to the Medical Student Loan Fund. AS PASSED SENATE.

**S1403: FOURTH-YEAR FUNDING; CTEDS (~~CTEDS; FOURTH-YEAR FUNDING~~)**

Students in 9th grade and students in the school year immediately following graduation who are enrolled in courses that are approved jointly by the governing board of the Career Technical Education District (CTED) and each participating school district or charter school may be included in a CTED's calculation of student count or average daily membership. Funding cannot be provided for more than four years for the same student. Funding for students in grade 9 is provided only if the student reaches the 40th day of grade 10, and at that time funding is provided for that student for grade 9 and for any subsequent year in which the student is eligible for funding. By September 1 of each year, the Office of Economic Opportunity in collaboration with the Department of Education is required to compile an in-demand regional education list of the approved career technical education programs that lead to a career path in high demand with median-to-high-wage jobs in that region. The Office is required to submit the in-demand regional education list to the Arizona Career and Technical Education Quality Commission for review and approval. For a student in grade 9 or in the school year immediately following graduation, funding is provided to the CTED only if the student is enrolled in a program that was included on the in-demand regional education list for that student's region for the year in which the student began the program. Session law provides that for FY2020-21 through FY2023-24, a student participating in an approved CTED program included on the in-demand regional education list on the date the list is compiled qualifies for funding in the year immediately following graduation. AS PASSED SENATE.

### S1454: SCHOOLS; INCENTIVE PROGRAM; DUAL ENROLLMENT

The College Credit by Examination Incentive Program is renamed the Dual Enrollment and College Credit by Examination Incentive Program, and the Program is expanded to provide an incentive bonus to teachers, school districts and charter schools for students who complete a qualifying dual enrollment course with a passing grade. Each community college district governing board is required to maintain a list of qualifying dual enrollment courses that a high school student may take and the passing grade required in each dual enrollment course in order to receive college credit, and to provide the list of dual enrollment courses and passing grades to the Department of Education and the Joint Legislative Budget Committee by September 1 of each year. Beginning in FY2021-22, the Dept is required to pay an incentive bonus to school districts and charter schools for each student in grades 9 through 12 who completes a qualifying dual enrollment course and who is enrolled in a school where 50 percent or more of the students are eligible for free or reduced-price lunches. Each qualifying student generates a bonus of \$450 per passing grade in a qualifying dual enrollment course for

### S1491: LITERACY; DYSLEXIA; SCREENING; APPROPRIATIONS

The deadline for school districts and charter schools to ensure that at least one kindergarten through third grade teacher in each school has received training related to dyslexia and the deadline for the Department of Education to develop a dyslexia screening plan are each extended one year to July 1, 2022. The subject knowledge test for a standard teaching certificate in early childhood education and elementary education must include an examination on reading instruction. Appropriates \$800,000 from the general fund in FY2020-21 and each fiscal year after to the Department of Education to distribute to school districts and charter schools to provide student screening for indicators of dyslexia. Appropriates \$280,000 from the general fund in FY2020-21 and each fiscal year after to the Department of Education for specified purposes, including to add three FTE positions to implement dyslexia screening requirements. AS PASSED SENATE.

## **S1492: ARIZONA TEACHERS ACADEMY; PROGRAM PATHWAYS**

---

Expands the Arizona Teachers Academy, which offers scholarships to students who commit to teaching in a public school in Arizona, to include students who commit to working for or in "schools that serve primarily public school students with disabilities" (defined). Expands the list of accelerated models that must be included in the Academy to include models for teachers who are currently teaching a dual enrollment course to satisfy the requirements for teaching dual enrollment adopted by a higher learning commission that accredits degree-granting postsecondary educational institutions and students in non-education programs to complete one or more teacher preparation courses to prepare the student to receive a teaching certification following graduation. A college in Arizona that is owned, operated or chartered by a qualifying Indian tribe on its own Indian Reservation and that offers baccalaureate teacher education programs is authorized to participate in the Academy and receive monies from the Arizona Teachers Academy Fund. AS PASSED SENATE.

### **S1503: SCHOOL EMPLOYEES; PUPILS; ELECTRONIC COMMUNICATIONS**

A school employee, a substitute teacher or a volunteer serving in the capacity of a school employee is required to use only school technology to directly engage in electronic communications with a student who is currently enrolled in the school district or charter school and is required to engage in electronic communications with such a student only for purposes regarding academic and/or extracurricular activities. Some exceptions. School district governing boards, charter school governing bodies, and the Arizona State Schools for the Deaf and Blind are required to prescribe and enforce policies and procedures for school employees on using electronic communications through school technology platforms between school employees and students who are currently enrolled in the school district or charter school, and required provisions for those policies are listed. AS PASSED SENATE.

### **S1587: PUPILS; UNPAID SCHOOL MEAL FEES**

Local education agencies are required to ensure that a student with unpaid school meal fees is not shamed, treated differently or served a meal that differs from what a student with no unpaid fees would receive. School personnel and volunteers at a local education agency that serves meals to students during the instructional day are prohibited from taking disciplinary action against a student that results in the denial or delay of a meal.
